Skills

JavaScript(ES6+)	(1 year)
TypeScript	(1 year)
React.js/Redux	(1 year)
GIT	(1 year)
HTML/CSS	(1 year)
SCSS/SASS	(1 year)
Bootstrap	(1 year)
Tailwind	(6 months)

Profile

I specialize in front-end development using React framework. With expertise in HTML, CSS, and JavaScript, I create dynamic and user-friendly web interfaces. I also collaborate with back-end developers to ensure seamless integration of front-end and back-end technologies.

Education

2022- 2023 (9 months)

Tech Academy

React Frontend Developer

2013 –2017 (4 years)

Azerbaijan State Oil and Industry University

Bachelor of Science

Languages

English	upper-intermediate
Azerbaijani	upper-intermediate
Russian	native

Projects

Jan 2023 – Feb 2023

E-commerce Store

Technologies: React, Redux, TypeScript, SASS, GIT

- I created e-commerce store using Commerce.js with React.js and Typescript
- I used Redux for state management and createAsyncThunk to optimize data fetching
- To provide a seamless shopping experience, I also implemented authorization and payment features using Stripe

Soft-skills

Adaptability
Problem solving
Critical thinking
Communication
Continuous learning

Employment

Oct 2022- present

Freelance

- Designed and implemented user-friendly web applications using React.js framework and modern front-end technologies.
- Built custom and responsive websites using Bootstrap, Tailwind and SACC/SCSS
- Stayed up-to-date with the latest technologies and trends in web development, continuously expanding skills and knowledge.
